Business Networking Organization PERFECT NETWORKER Offering Unique Lifetime Memberships

October 12, 2009

Perfect Networker, an online and offline business networking organization which features members from all over the world has recently begun offering lifetime memberships to its program. These memberships, called Charter Memberships, allow members to pay a one- time fee of \$497 or three payments of \$179 to allow them complete access to the features of PerfectNetworker.com. In addition, the membership will include 25% discounts for life on any advertising offered on the site as well as live events and seminars held by Perfect Networker. In addition, the Charter Members are featured on a special page created for them and features profile pictures of the members shown randomly on the front page which receives more than 50,000 page views per day. The membership also includes a membership kit that is mailed directly to the members which consists of a Perfect Networker travel mug, a lapel pin, a leather business card holder, and an executive writing pen.

One of the Charter Members, Patrick Ahern of P3 Promotions, feels that, "I have met some incredible people through Perfect Networker and have already made the money back I invested on the Charter Membership. If you utilize the community and truly build your network, then this membership is one of the most valuable offers I have come across since I began networking for my business."

"We thought this was a great way to help monetize the site to continue adding features and opportunity within the program as well as giving those that believe in the concept the ability to get all of what we offer now and will offer in the future. The Perfect Networker Charter Membership is the ELITE program if you will and no matter what comes in the future, Charter Members will always have first choice." Mac Cassity, one of the owners of Perfect Networker said.

To date, there are more than 30 Charter Members and that membership is comprised of Perfect Networkers from around the world including the US, the UK, Russia, and France. The company has stated that there are only 1000 Charter Memberships available and they hope to fill those spots quickly in order to put that money back into the program and create even more opportunity for all of the members. Those who are interested can get all the details by signing up for a free profile at www.PerfectNetworker.com.
